Minutes

1. World Cup Rules for the CEL

CED Working Group final proposal after discussion:

Fair chance for CEL riders to qualify for the FS and earning World Cup points

Qualifying Modus

15 riders qualify for the FS in any case

still not below 60% to keep quality but at least 8 riders from CEL countries and only 7 from other leagues

If less than 8 riders from CEL qualified, starting-places in FS are filled up to 15 with riders from other leagues if there have been more riders from other leagues over 60% in GP.

World Cup Points

Athletes from CEL countries should earn equal World Cup points as the WEL athletes that are placed in front of them:

1st WEL Athlete: 20 points

2nd WEL Athlete: 17 points

3rd CEL Athlete: 20 points

- (because highest ranked CEL athlete) and so on

Further considerations are not necessary anymore if this proposal will be accepted

2. Our conditions for negotiations about the introduction of e-Dressage at CDIs in Central Europe

In some countries show office providers are already working on submitting marks by typing in computers – this should be standard.

E- Dressage is even better and easier for riders to have their protocols and also helps judges to improve (with all the comments of the colleagues) and additionally saves one typing person for the organizer.

Best way would be to contact Daniel Göhlen and try to find cooperations with him and not to have too many different systems.

3. Any Other

EEF becomes stronger - 80% of prizemoney comes from EEF countries – but the FEI doesn't pay back its part of this – it mostly goes for developing other countries – should be used more for European matters – for example education of judges
CED works close together with EEF

Bosnia and Slovenia would like to become new members of CED

Principally welcome

Working Group should stay the same size like now but one bigger meeting per year would be possible

They should officially apply for membership

Qualification Shows for Europeans FN's have to pick

Discussion about doing a CDIO for young people in Budapest instead of Mariakalnok for date reason– Aniko will talk to Arie Yom Tov about it

4 Arenas Cup at CDI's

Achleiten

Brno

Mariakalnok

Zakrzow

Qualifier: 2 best results count – final: 5 best go to Zakrzow

Doping matters

How to handle 0,0 – no other sport is that strict – think about not performance relevant levels – everything can be found today

- contamination is everywhere- feed, bedding, in the field

How to make sure that nobody can give something to your horse

Rider always has the full responsibility

Still if you can proof that the contamination wasn't your fault you stay disqualified and it sticks to you in some way.

Only the fine hasn't to be payed.

Stable security is not accurate at small CDI's

If you are fully responsibly, at least it should be allowed that your groom sleeps in the stable or you can have your own security person.

Right now only putting a camera to your horses box is an option – at Zakzow this was also not allowed by the stewards.
