AS POL sent us an Email before the meeting:

Dear Colleagues,

with reference to the article "Top Hat or Helmet - Shouldn't it be Each Rider's Choice?" in Eurodressage, I would like to express my support for the theses contained in it by Daniel Pinto, which I also encourage other CED members. Considering the riders experience, safety, elegance, tradition and image in the media, I think that the best solution is to leave Grand Prix riders to choose their headgear. I have talked to many people related to dressage on this subject and I know that I am not alone in my opinion.

Regards Andrzej

We discussed this item and all fully agree but as **TB** and **DS** said it is already decided by the FEI.

So we only could bring in a new proposal.

DS will bring it up in the SG meeting and look if he can find some strong nations who are on our side.

AS POL will again discuss it in the trainers and riders club – they also have to become active if they agree with the proposal

Maybe only for 4* and 5* shows, W-Cup and Championships would have a better chance to find a majority.

AS POL are there any news about WC Qualifier Shows?

TB I think they will take place – it is starting with Mariakalnok CE League but it is still too early to know for sure

LS is answering the question – Brno will take place on the last weekend in August when the Hungarian- CH are over

OH tells us that the first Vet Check for the Children will be on Sunday 9th

SMT All judges are not fixed right now because not everyone can do it all

TB the FEI is working on it and the list should be ready next week

DK asked **IV** about Borders from Poland to Hungary and he found out that it may be necessary that you need a test when you go from SVK back to POL and sent us this link where everybody can look up the latest news about:

Slovakia Introduces Free Movement for Citizens and an Unlimited Border Regime with 19 European Countries.

SMT asked if there will be a testing possibility at shows in HUN for people who need it for going back

OH didn't know but will ask

SMT and **TB** told us about the new online trainings-system which Daniel Göhlen has developed and which is already running in cooperation with the German FN

Maybe Daniel Göhlen can join us in one of the next meetings and introduce it to us.

SMT Thanks everybody for joining – looks forward to see most of you in Mariakalnok
take care
