So far ok – **AS POL** will find why Strzegom doesn't not organize anything this year?
IV pointed out that a new Organizer plans to do a CDI first time at Samorin with is a very nice venue.

2. 4 Arenas Cup - start 2021 (The CED logo at all CED events)

was cancelled due to Corona in 2020 but should take place with same rules in 2021

Mariakalnok, Achleiten, Brno, Zakrzow

Needs also more promotion

Will be put on a new CED website **DK** is putting it up and sending us a link when he has renovated it and translated it into English

3. Dressage rules (bridle or curb bit in Juniors class, extended walk in GP why mark 2x?)

Snaffle or Doublebridle both are allowed some find it more fair all use the same now it is up to the rider to choose

AS AUT and TB: There are good reasons for the double counting of the walk (also the extended) and even more since we lost the final marks.

All three gates should be judged and the walk can't be an as long part in the test than trot and canter.

Walk indicates the right training of a horse following the training scale.

Shows the ability to fully relax in-between.

OH: talks about the proposed changes in the draw for championships at CH,J,Y classes at Championships

TB: proposal from EEF is already sent to the FEI – the other proposal about counting the CH-Preliminary together with the Teamtest for Team medals was not taken

AS: the most important is that it is stated in the rules clearly what kind of draw has to be used
- what will be done

4. Code of points

will be on the next agenda because **AS POL** had to leave us

5. World Cup - we need to think about a better solution for the distribution of points in the CEL

TB: there needs to be a solution for this league for 2021/22

But we have to discuss it in person maybe at the CDI-W in Salzburg 3.-6.Dec – because there are many different interests, it's too complicated for doing it per phone

Everybody should think about it and make new proposals or bring in ideas.

This was our last proposal which wasn't accepted:

1. World Cup Rules for the CEL

CED Working Group final proposal after discussion:

Fair chance for CEL riders to qualify for the FS and earning World Cup points

Qualifying Modus

15 riders qualify for the FS in any case still not below 60% to keep quality but at least 8 riders from CEL countries and only 7 from other leagues

If less than 8 riders from CEL qualified, starting-places in FS are filled up to 15 with riders from other leagues if there have been more riders from other leagues over 60% in GP.

World Cup Points

Athletes from CEL countries should earn equal World Cup points as the WEL athletes that are placed in front of them:

1st WEL Athlete: 20 points

2nd WEL Athlete: 17 points

3rd CEL Athlete: 20 points

- (because highest ranked CEL athlete) and so on

6. Thanks to the organizers of this year's European Championships from CED

letter will be organized at Zakrzow

7) Anikó Losonczy has health problems and must use a saddle cover that is currently forbidden - may CED ask for a change in the FEI rules for the next year?

ARTICLE 428 SADDLERY

1.3 No saddle covers are allowed.

TB: to late for next year could earliest change 2023

She already tried to get a personal exception but this is only possible if she would be a classified PARA-rider.

Seems not possible short term.

8) Donau Bohemia Trophy

IV:

- we would like to invite Poland – will be done

- Victoire Mandl wants to retire as coordinator - asked me to do it as one person for two countries (AUT & SVK) – we should give her some honour status

- Anikó offered to organize together with me a common, new website with results, space for sponsors etc. – no need will be also put on DK's CED website

- it should stay as an intermediate level between national and international competitions,

cheaper to participate, but riding according to the valid FEI rules – CED will support to keep it alive

A-S level national but FEI rules and tests

One Qualifier in every country – Final every year at different country – at least one foreign judge

Dates have to be fixed early enough at the beginning of the year

Enclosed you find the current rules

Additions:

Covid Regulations

SLK: extra rules for Sport Events

50 competitors if number is higher no spectators are allowed

CZE; shows are running 130 people without visitors

POL: masks indoor, limited number of persons at the preparation ring

If there are any changes everybody will communicate it to all of us.

SMT thanks everybody for taking the time and hopes to see you soon
