

CED MEETING

SATURDAY 08.05.2021, at 20:00 Mariakalnok Show Venue

SMT welcomes all the participants and thanks for coming in this difficult times. She hopes that shows are going back to normal soon and Corona and Herpes will go more into the background. She thanks Daniel and Andrzej for their activities in the past months. Also Thomas did a lot and is a very important contact to the FEI for the CED acting as an ambassador.

- WC Rules Central European League 22/23

Thomas talked to Irina about the problems for Central League riders not getting the full points – she thinks positively about our issue because also RUS riders are effected sometimes.

Thomas will send a proposal to CED Members and if it gets approved by them submit it to the Dressage committee – WC Rules are not in the normal rules changing process – this goes to Dressage Committee and from there to the Board.

- Rule Change Process 2023 the Top Hat rule change has to be brought in again - now we have many supporters as Riders and Trainers Club and also many NFs It also will be discussed at the Sports Forum

- New Chair FEI DC

Kempermann will retire and some candidates applied for the job – was discussed and will be on the next agenda

TB: FEI Nomination Committee decides if somebody is principle eligible – then it goes to General Assembly

- 5 Arena Cup

AS also brings in some other good ideas - Establishing a YH Championship for CED Country horses. Discussion if this is fixed on studbook or country of the horse and it first has to find support from the EEF

TB has some concerns if it would look like that this horses are not good enough for Ermelo or Verden and later on if it is established it could also be overcrowded with Helgstrand horses if it works with the same rules.

SMT it should be discussed if the aim is commercial or to support good training and giving YH a chance to get into the sport and collect experience.

IV it could be like a qualifier for Verden or Ermelo for the winners –

TB sounds nice but not sure if this will find the support of FEI and Breeders Association because this would mean additional Wild Cards.

Maybe starting with a Cup at CDIs and see how it develops.

AS also wants to upgrade the Donau Bohemia Cup with GP division to attract more better riders. He also is looking for sponsors to make it more attractive again.

IV thinks this could be done but it should stay a national event to keep it cheaper than international ones for the riders.

AS also found Sponsors for 5 Arena Cup and will work together with Clip my Horse to make it even more attractive for riders and especially for more sponsors. It found also the support of EEF.

AS 2022 celebration 5 years CED – wants to establish a congress inviting all SG and representatives from CED Countries and also from EEF.

AS CED also would like to have an EU-CH.

TB explains that this only works by the bid process with the FEI - only a single NF and its OC can bid – Poland has to place its bid there.

SMT closes the meeting and thanks everybody for coming

Next meeting will be a video meeting beginning of September or may be at CDI Brno
